Simple in design

Eve, the ultimate iPad frame, embraces the iPad or iPod and turns it into an amazing on-wall touch screen, while fully respecting its design. The entire frame is precision machined out of a single block of aluminum and is available in various high-quality finishes such as brushed aluminum, brushed black and satin white.

Eve for iPad is available with a rectangular or rounded cover while Eve touch is only available with a rounded cover. This cover hides unsightly cables and connections.

Simple in installation

Eve is easily mounted on the wall using two screws. It can be positioned in portrait or landscape orientation.

The iPad/iPod can be permanently charged using an iPad/iPod charger or the puck USB charger (24V). The puck USB charger is a small device that is hidden in the single gang wall box behind the iPad or iPod.

The puck is connected to the iPad or iPod, so the battery is constantly charged and the device is always ready to use. The Eve cover hides unsightly charging cables or connections.

Eve touch for iPod touch 5 & 6

iPod touch is a handy replacement for the larger iPad tablet, in rooms where only a small screen is needed. Eve touch is available in the same finishes as the other Eve frames. The installation of this frame is very simple, as only two screws and a US single gang wall box are needed. Eve touch can be equipped with a puck USB charger, which ensures that the iPod remains charged and is always ready for use. No unsightly cables or connections are visible.

Table base for Eve mini, Eve Air & Eve Pro 9.7"

The table base for Eve mini, Eve Air and Eve Pro 9.7" supports these elegant mounts and can be installed on a table or desk.

This accessory leads to more ease of use and can be used in both residential and public applications. It serves as a perfect solution for hotels or restaurants at the reception desk or as a publicity screen. Of course, this table base can also be very handy as an extra screen in your kitchen or living room.

The table base accessory is machined out of high-grade aluminum and is available in two finishes, each optimised for either a portrait or landscape orientation of the iPad.

A full table stand requires an Eve frame and cover, together with a table base accessory. You can find the table base product codes on the next page.
