Auriel. One Touch to Control

Auriel™

One touch to Control

Niles Auriel™ now adds streaming audio, plus climate and lighting control to its award-winning multi-room audio platform. The result is an exceptional home control experience.

The wizard whisks you through simple decisions that quickly configure the system for lighting scenes and thermostat programming, audio sources, zone preferences, user interface customization and home theater control.

NILES®

Shine a Light.

Control up to 24 lighting loads from the Niles Auriel interface. Scene control is supported for select systems.

Time to Chill.

Or get toasty. Set unique schedules and remotely control up to three wireless thermostats.

Get Happy.

Your streaming music favorites are included: Spotify, Pandora, TuneIn, Tidal and others.

In the Zone.

Auriel's 7 sources (including streaming) send audio to 6 zones. Expand to 12 zones with a second chassis.

Wizard-based Set-up.

The Wizard whisks you through simple decisions that quickly configure the system.

One touch – Anywhere.

The elegantly simple Auriel control interface is consistent across the entire ecosystem of control devices. The intuitive UI is instantly accessible, whether from the nHR200 remote, nTP7 or nTP4 touch panels, nKP7 keypad or a mobile device.
